PRESIDENT'S MESSAGE

Greetings,

Let me begin by welcoming all of you to 9T9 User Group of Toronto: the charter members, the full and associate members and all of the other User Groups whom we communicate with around the globe.

When I became president, I promised changes would occur. This membership package in your hands, is the first of several changes your new executive is in the process of implementing. Other changes include a social register (arcade days for the kids, family picnics, etc.) and the development of Special Interest Groups (XBasic, Forth, Assembler, etc.)

To this end, this membership package has been prepared for you, so that you, as a member can get the most out of your membership in 9T9. The package includes your membership card and certificate (suitable for framing), a copy of the club constitution, a copy of our library listing, the names and addresses of all club members and a questionnaire.

This questionnaire, I feel, is the most important document in your membership package, because, if every member fills it out and returns it to me, we, the executive can plan for the changes, you as members want. We're not mind readers, so please communicate your ideas to us.

Lastly, let me apologize for the delay in issuing your membership cards for 1985.

Sincerely,

Emile Verkerk
President

April 30, 1985
