HOUSTON USERS BROUP

FIRST SUNDAY OF EVERY MONTH 2PM

### PRESIDENT'S COMMENTS

FOR THOSE OF YOU WHO WERE NOT AT OUR LAST NEETING. YOU MISSED A REAL TREAT. JOHN YANTIS. ALLEN ACREE AND ED WIEST OF TEXAS INSTRUMENTS IN LUBBOCK PRESENTED AN EXTREMELY INTERESTING AND INFORMATIVE PROGRAM. I WON'T GO INTO DETAILS BUT IT COVERED EVERYTHING FROM TWELVE-CHANNEL QUADRAPHONIC SOUND TO DEMONSTRATIONS AND REVIEWS OF THE NEW 99/2 AND CC-40 COMPUTERS TO A VERY LIVELY HOUR AND A HALF QUESTION AND ANSWER SESSION. I WANT TO THANK THESE TI REPRESENTATIVES AGAIN FOR THE TIME AND INTEREST THEY HAVE GIVEN TO THE HOUSTON USERS' GROUP.

ANOTHER FINE FEATURE OF OUR LAST MEETING WAS A PRESENTATION BY CHARLES LA FARA AND BILL GRONOS OF THE INTERNATIONAL 99/4 USERS-GROUP IN BETHANY. OKLAHOMA. THEY GAVE A VERY INTERESTING PRESENTATION OF SOFTWARE AND HARDWARE FOR THE 99/4A. THANKS, CHARLIE AND BILL.

OUR NEXT MEETING WILL BEGIN A NEW APPROACH FOR THE HOUSTON USERS' GROUP. WE WILL BEGIN AN ONGOING SERIES OF SMALLER USER-INTEREST SESSIONS WITH THE GOAL OF TRYING TO PROVIDE MEMBERS WITH AS MUCH INFORMATION CONCERNING THEIR PARTICULAR INTERESTS AS WE POSSIBLY CAN. OUR INITIAL APPROACH WILL BE TO BASICALLY FORM NOVICE AND MORE ADVANCED GROUPS THAT CAN WORK ON THINGS OF INTEREST TO THE PEOPLE IN EACH GROUP. WE WILL CONTINUE TO EVALUATE AND REVISE THE GROUPS, AS NECESSARY, IN ORDER TO PROVIDE OUR MEMBERS WITH AS MUCH KNOWLEDGE AS POSSIBLE ABOUT THEIR TI COMPUTERS AND HOPEFULLY IMPROVE THEIR SKILLS IN USING AND ENJOYING THEIR SYSTEMS.

I HOPE TO SEE YOU AT THE NEXT MEETING AT 2:00 P.M. ON MAY 1. REMEMBER. OUR MEETING PLACE IS NOW IN THE BECHTEL CAFETERIA.

WAYNE WRIGHT

It is with great sorrow that we must announce the passing of fellow member Luis Hernandez.

#### 

This month the newsletter will be shorter than normal.

For all of you that that shed a tear when the Galleria store was closed in Jancuary. We have a new casis in the desert. In the Sharpstown Mall on the lower level next to Penney's you can find Computer Age. They have it all and plenty of third party software.

In June the author of the recently published book "Programs for the TI Home Computer", Steve Davis will be our quest speaker. If he is half as good as his book, it promises to be a very informative meeting.

#### REVIEW OF APRIL MESTING

THE APRIL MEETING WAS REALLY AN EXCELLENT ONE. THERE WAS A LOT OF INFORMATION AVAILABLE FOR US TO ABSORB AND THE COMMENTS OF MANY WHO ATTENDED WERE VERY COMPLIMENTARY.

THE FIRST PART OF OUR PROGRAM WAS PRESENTED BY CHARLES LA FARA. PRESIDENT OF THE INTERNATIONAL 99/4 USERS-GROUP, AND ONE OF HIS ASSOCIATES. BILL GRONDS.

CHARLES DEMONSTRATED A NUMBER OF THIRD PARTY SOFTWARE PROGRAMS. AMONG THESE WERE GAME CARTRIDGES NAMED "RABBIT TRAIL". AND "HENHOUSE"; EDUCATIONAL PROGRAMS FROM DEVELOPMENTAL LEARNING MATERIALS TITLED "DEMOLATION DIVISION" AND "ALLIGATOR MIX" (ADDITION); A CONTROL DATA "PLATO" PROGRAM; AND TWO USER-DEVELOPED GAMES, "ANTHROPOD" AND "ASTIROIDS". BILL GRONGS DEMONSTRATED A NUMBER OF HARDWARE PROTOTYPES BEING CONSIDERED OR PREPARED FOR MARKETING TO TI-99/4A USERS. HE ALSO GAVE A VERY INTERESTING PRESENTATION OF USE OF THE MINIMEMORY CARTRIDGE.

THE PROGRAM PRESENTED BY CHARLES AND BILL WAS AN INTERESTING ONE THAT BROUGHT ABOUT MANY COMMENTS AND QUESTIONS.

THE NEXT PART OF OUR PROGRAM CONSISTED OF A PRESENTATION BY THREE VERY KNOWLEDGABLE PEOPLE FROM THE CONSUMER PRODUCT DIVISION OF TEXAS INSTRUMENTS IN LUBBOCK. TEXAS. PARTICIPATING IN THIS PRESENTATION WERE JOHN VANTIS. MANAGER FOR ADVANCED DEVELOPMENT AND STRATEGIES: ALLEN ACREE. SYSTEMS SOFTWARE MANAGER FOR LANGUAGES: AND EDWARD WIEST. USER CROUP COORDINATOR.

THEIR PRESENTATION WAS BEGUN BY A VERY IMPRESSIVE DEMONSTRATION OF TWELVE-CHANNEL QUADRAPHONIC SOUND. THE THEME FOR "CHARIOTS OF FIRE" WAS "PLAYED" FROM A 99/44. THROUGH AN AMPLIFIER TO FOUR SPEAKERS PLACED AT EACH CORNER OF THE ROOM. EACH SPEAKER RECEIVED THREE DISTINCT CHANNELS OF SOUND WHILE A SLIDE PROGRAM ABOUT TI WAS SHOWN. IT WAS A DRAMATIC DEMONSTRATION OF THE FLEXIBILITY AND POWER OF THE II-99/44. THE COMPUTER PROGRAM WAS PROGRAMMED IN "FORTH" AND INDICATED JUST WHAT WE CAN LOOK FORWARD TO WHEN THIS LANGUAGE IS MADE AVAILABLE IN THE NEAR FUTURE.

A DEMONSTRATION OF THE 99/2 WAS GIVEN USING A BENCHMARK TEST TO DEMONSTRATE ITS SPEED. ITS ABILITY TO COMPUTE A SHORT PROGRAM TO COUNT AND DISPLAY NUMBERS FROM 1 TO 1886 WAS ALSO A VERY SUPPRISING AND INTERESTING THING. THIS NEW LOW-PRICED COMPUTER IS FAST, TO SAY THE LEAST. AS MANY OF YOU KNOW, THE 99/2 IS UPWARD COMPATIBLE WITH THE 99/4A.

THE NEW CC-40 COMPUTER WAS ALSO DEMONSTRATED AND SHOWN WITH THE COMPACT HEX BUS AND WAFER TAPE THAT WILL BE AVAILABLE FOR IT AND. WITH AN ADAPTER. FOR THE 99/4A. THIS NEW SYSTEM SHOULD BE A WINNER FOR THOSE WHO NEED PORTABILITY AND FLEXIBILITY.

A VERY INTERESTING QUESTION AND ANSWER SESSION WAS HELD. THE TI REPRESENTATIVES FIELDED MANY QUESTIONS ABOUT ALL PHASES OF II HARDWARE, SOFTWARE, THEIR PHILOSOPHY OF SOFTWARE MARKETING AND PRACTICALLY ANY OTHER SUBJECT THAT COULD BE THOUGHT OF. MANY INTERESTING COMMENTS WERE HADE BY BOTH THE QUESTIONERS AND THE TI REPRESENTATIVES ANSWERING THE QUESTIONS. ALTOGETHER, THE TOTAL PROGRAM WAS VERY INTERESTING AND INFORMATIVE.

THE INTERNATIONAL 99/4 USERS-GROUP PRESENTED A NUMBER OF PROGRAMS TO OUR GROUP FOR INCLUSION IN OUR SOFTWARE LIBRARY. THE TI REPRESENTATIVES GAVE AWAY SEVERAL SOFTWARE PACKAGES TO WINNERS OF A DOORPRIZE DRAWING. WE WANT TO THANK THESE PEOPLE AND THEIR COMPANIES FOR MAKING THESE PACKAGES AVAILABLE TO OUR LIBRARY AND OUR MEMBERS.

WE HAD A VERY. VERY GOOD PROGRAM. THANKS TO THE PRESENTERS AND A FEW OF OUR HUG MEMBERS WHO WORKED HARD TO MAKE SURE EVERYTHING WORKED PROPERLY. THANKS TO EVERYONE INVOLVED AND ESPECIALLY TO THE PEOPLE FROM II AND THE INTERNATIONAL USERS-GROUP FOR A JOB WELL DONE. ALSO THANKS TO THE GALLERIA VIDEO CONCEPTS STORE AND ITS MANAGER, JORGE CORDOVA. FOR THEIR HELP IN FURNISHING AND SETTING-UP THE TWO LARGE SCREEN TV'S. OVERALL. WE HAD A WELL ABOVE AVERAGE MEETING.

#### >>> THIS MEETING <<<

At this meeting we will have several workshops for the program. After a short business meeting we will split up into four groups as follows:

BASIC Programming - Greg King Extended BASIC Hints - Tom Dasenbrock LOGO - Jane McAshan FORTH & Other Tech Hints - Paul Kent

The workshops will last about an hour and a half, PLEASE know ahead of time which one you are interested in so we don't waste time!

The Club will have a small number of consoles and TV's for use in the Workshops, but more are needed, so PLEASE CONSIDER BRINGING A CONSOLE AND/OR TV! If you have a friend, one bring a computer, the other the TV! The BASIC and Extended BASIC Workshops will need only consles and TV's, the LOGO will also need 32K RAM, and the FORTH group will use the Club's Expansion Box.
