

# PICNIC PARANOIA\*

Atari currently offers the following games on TI cartridges: Pac-Man, Centipede, Defender, Dig Dug, Donkey Kong, Stargate and Robotron: 2084, Shamus, Protector II, Picnic Paranoia and Super Storm. And there's much more to come!

The world's most popular video games can be yours to play at home, now that Atari makes them for the TI 99/4A. And the possibilities don't stop there. More compatible software will be available soon from ATARISOFT, including educational, management and productivity programs.

**GEORGE  
GETS SLAP-HAPPY  
WHEN BUGS JOIN  
THE PICNIC**

EXPERIENCE NEW THRILLS ON TI 99/4A

Armies of ants aided by stinging wasps and poisonous spiders are out to ruin George's outing. Swat the little buggers or they'll push point-laden food right off the screen. But be careful, insect bites are paralyzing. And only when you help George escalate the conflict with bug spray, can he really turn the tables on these pests.
