

CONTENTS OF WHT ARCHIVE OF TI99/4A ITEMS: <https://ftp.whtech.com/>

NB: ftp is a server name, the access is via https. The main front page requires javascript. Other directories (listed below) when not accessed through the front page will present a https/html page produced by the Apache server.

- THE SOFTWARE MANUALS AND DOCUMENTATION - LOCATIONS -

This file (manuals_index.pdf and txt) is at / ; /games ; and /datasheets and manuals - if you update this list please save to the three locations indicated.

Manuals and documentation for software can be found in several folders on the site- this is an alphabetic list to help you to locate documents. NOTE: If a document is shown in more than one folder, they are probably not the same scans- choose the one you prefer. This document was prepared and uploaded 2024.

Software: Location of manual is <https://ftp.whtech.com/>
(NB This URL does NOT use ftp transfers, the protocol is https / html.)
